Wireless Push Button

WPH-01 & WPH-01-A

Wireless Push Button enables wireless control of one or more products from Plejd, configured via the Plejd app. WPH-01 is easily installed using double-sided tape, screws, or attached to a standard appliance box. Single and double rocker switches are included for 55 mm frames.

WPH-01-A is a variant of WPH-01 with arrows, intended for use with window coverings.

Technical data

Battery life	Up to approx. 15 years (CR2032)
