Product Information

Fiber optic panel 19" 1U BKT VENI-2

Card No.: PI_1111200X.XV_03.21

Application

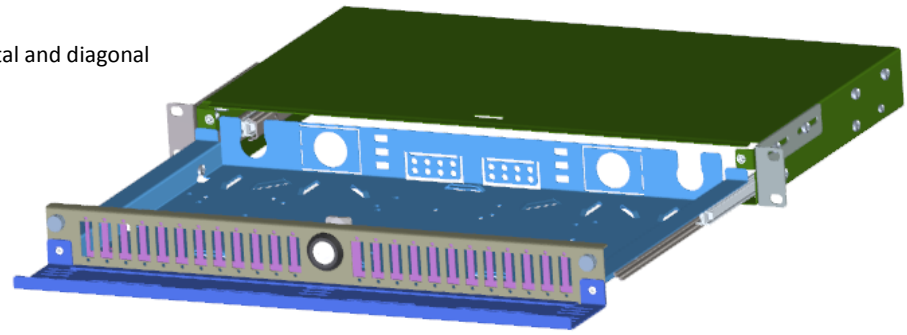

The series of VENI-2 fibre optic products is designed for the most demanding customers. The increased functionality of the panels combines state-of -the-art design with quality manufacturing materials.

The VENI-2 fibre optic panel is an essential connectivity component in all networks when proper protection of transmission infrastructure is of great importance. It is intended for quick crossing of connections between distribution points. The perfectly arranged base of the panel, in combination with a wide range of additional accessories, makes this the perfect solution for Data Center systems and wherever connection of optical fibres under difficult installation conditions is required.

As a total solution our VENI-2 fiber optic panels are also available fully equipped with pigtails, adapters and splice trays. This fully loaded version dramatically reduces installation time in new or existing telecommunications networks.

Features

- A universal housing and base that allows the drawer to be pulled out with or without optional ball bearing slides
- The base can be removed from the ball bearing slides before installation
- Adjustable handles with a possibility of assembly on the front or back of the panel
- A wide range of front plates for various types of adapters, prepared for lock assembly
- Rised slots in base for mounting cables and tubes with different outer diameters
- Holes in the base for one- or two-point assembly of splice tray
- Front plates equipped with metal captive screws
- Two pull-out possibilites for the drawer: horizontal and diagonal
- Five rear cable entries
- FRP rod termination point
- Optional patch cord organizer
- Colour: black or grey

Product Information

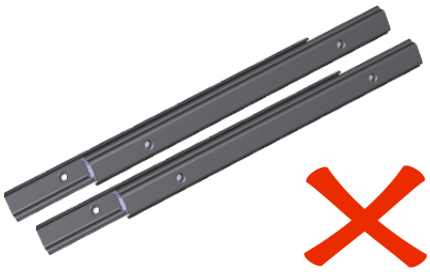

Fiber optic panel 19" 1U BKT VENI-2

Card No.: PI_1111200X.XV_03.21

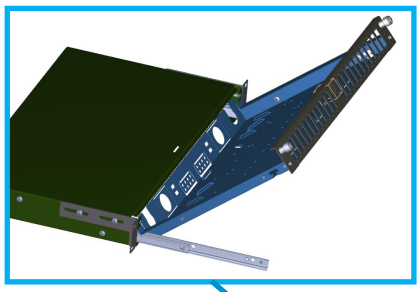

Features

90° and 45° raised slots for cable and pigtails assembly

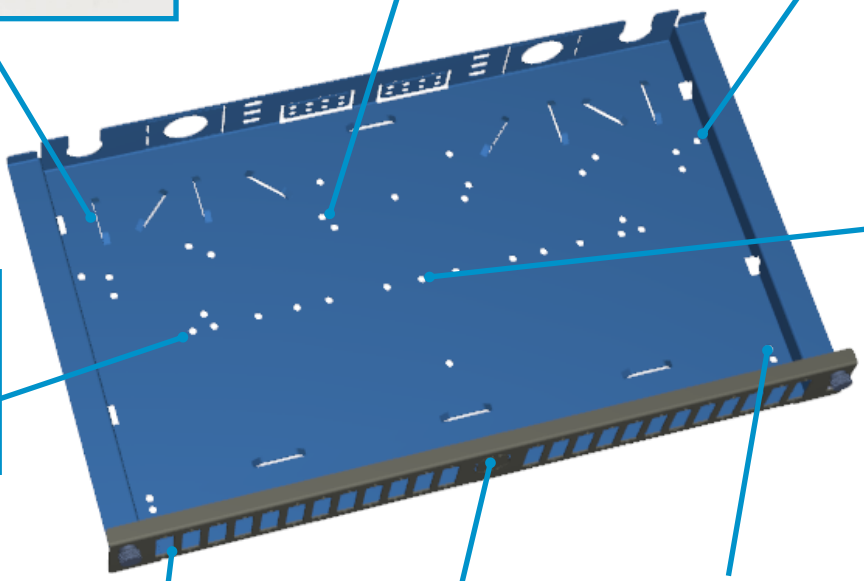

Holes for leaf type splice trays mounting plate

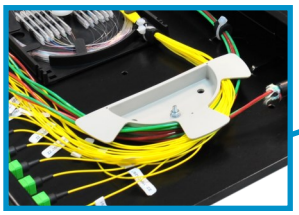

FRP rod termination point

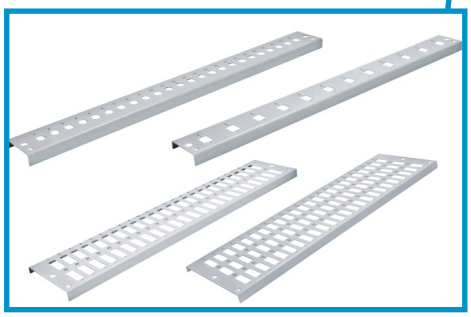

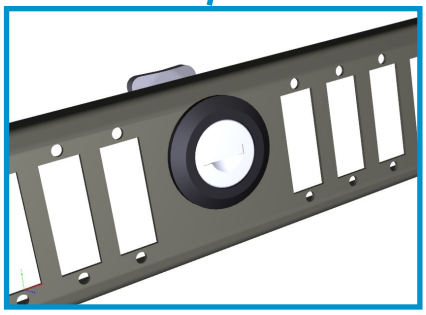

Holes for different types of splice trays

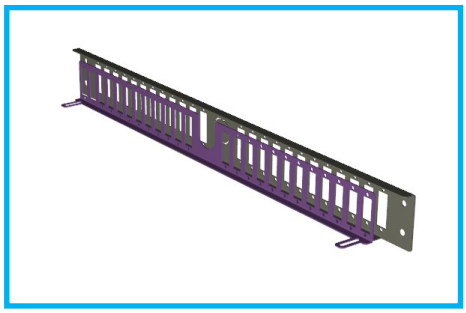

Holes for 360° i 180° rounded organizers

Removable front plates

Most of the front plates have an opening for lock

Optional plate for screwless mounting of fibre optic adapters

The specification is owned and copyrighted by BKT Elektronik Sp. z o.o. Information contained herein may be changed at owner's discretion without any notice. BKT Elektronik may not be held liable for any possible inaccuracies and discrepancies in this document.

Product Information

Fiber optic panel 19" 1U BKT VENI-2

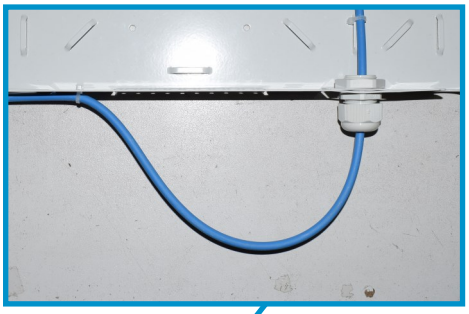

Card No.: PI_1111200X.XV_03.21

Features

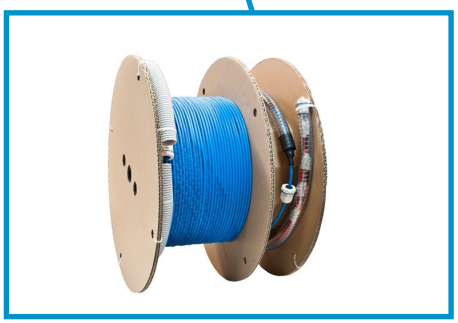

M25 cable entry with the function of angle adjustment

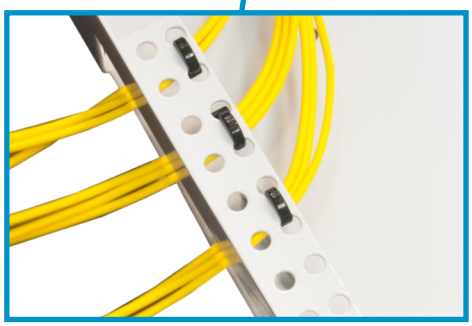

Possibility to mount cable along the rear of the panel

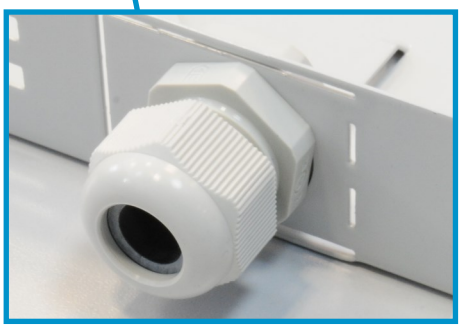

M20 cable entry for cables Ready2Use

Swing-up entry points for fixing cables with small diameters

M25 closed cable entry (for multiple cables)
