The flat metal clip for cables and pipes

Fixing armoured conduits

Fixing armoured conduits

BUILDING MATERIALS

When using impact nail ED:
- Concrete

ADVANTAGES

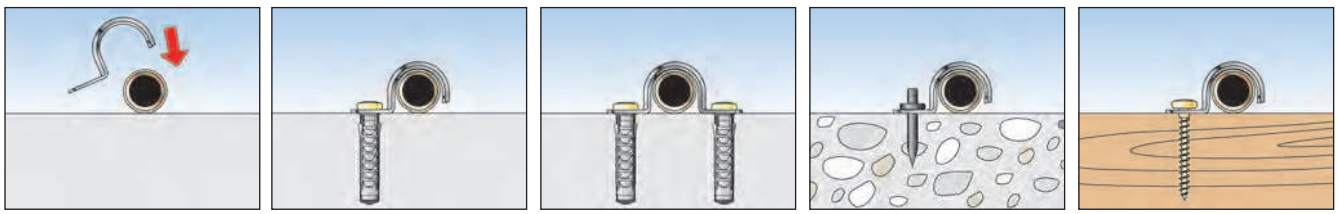

- The open conduit clip BSM is ideal for the post-installation fixing of conduits.
- The conduit clip allows for a direct fixing with impact nails and is, therefore, quick and easy to install.
- Two conduits or pipes can be fixed with just one fixing point with the twin clamp BSMZ.

APPLICATIONS

For fixing of:
- Electrical conduits
- Flexible and rigid plastic insulating pipes
- Steel conduits

FUNCTIONING

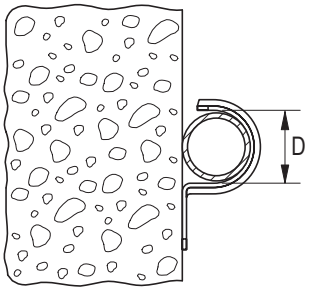

- Depending on your requirements, use a conduit clip with 1 or 2 fixing points, or a twin clamp.
- The conduits or pipes are laid in the conduit clip. Assembling the clip fixes the conduits / pipes.
- Our recommendation for fixtures on concrete (not older than 6 months): Impact nail.
