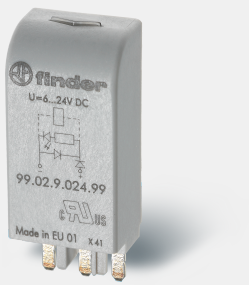
9902922099

Coil indication and emc suppression modules



Technical description: Coil indication and EMC suppression modules 90/92/94/95/96/97 series, Coil indication and EMC suppression modules, Coil Indication and EMC suppression modules, Green LED + diode module (standard polarity), ATEX compliant (Ex ec), DC, nominal voltage 220 V, operating from 110 to 220 V, resistance 19100 Ω (AC) and 17300 Ω (DC)

Commercial description: Coil indication and EMC suppression modules. Depending on module selected, they can provide: suppression of coil back emf on switch-off, LED indication to show when the coil in energized, protection against reverse polarity applied across the coil terminals, by-pass of trouble-some leakage currents in the coil circuit.
