Series 7400 VDE Kraftform adjustable torque handle (0.3-3.5 Nm), 7440 VDE x 0.3-1.2 Nm

Series 7400 Insulated Kraftform Torque Screwdrivers

EAN:	4013288179111	**Size:**	200x70x40 mm
Part number:	05074752001	**Weight:**	220 g
Article number:	7400 VDE	**Country of origin:**	CZ
		Customs tariff number:	82054000

- Adjustable Kraftform VDE torque holder
- Adjustable torque from 0.3-1.2
- Distinct audible and perceivable excess load signal when the pre-set torque value is reached
- Suitable for Kraftform Kompakt VDE blades
- Rapid exchange of the interchangeable blades

Torque VDE holder for safe work up to 1,000 volts. Adjustable torque value from 0.3-1.2 Nm. Distinct audible and perceivable excess load signal when the pre-set torque value is reached. Unlimited manual loosening torque. For Kraftform Kompakt VDE blades: the handle/interchangeable blade system allows a rapid exchange of the blade and thereby diverse applications.

Kraftform adjustable torque handle for Electricians

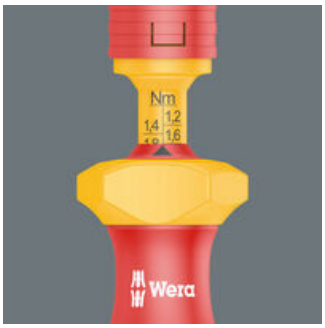
Individually tested

The individual testing at 10,000 volts, in accordance with IEC 60900, ensures safe working with loads up to 1,000 volts.

Kraftform adjustable torque handle for Electricians

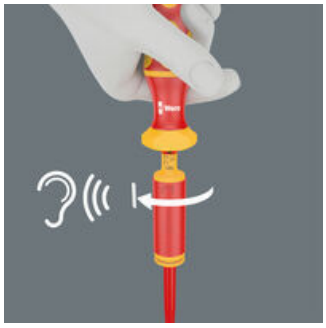
Simple setting of the required torque by hand.

Kraftform adjustable torque handle for Electricians



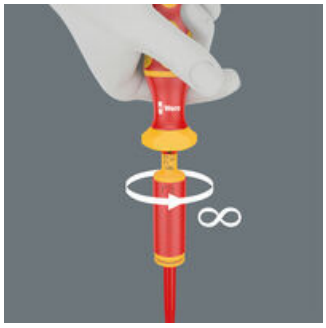
Easy-to-read scale value. Measurement accuracy is ± 6 % in accordance with the standard EN ISO 6789.

Excess-load signal



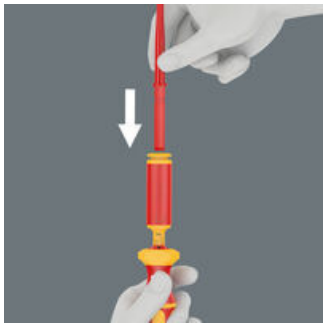
Distinctly audible and noticeable excess-load signal when the pre-set torque is reached.

Unlimited loosening torque



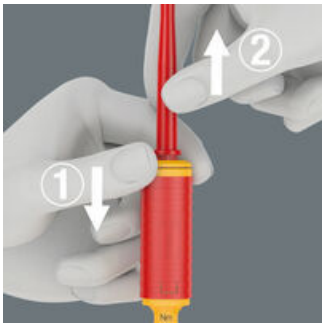
Unlimited torque for loosening seized screws.

Inserting the blade



According to the job, the insulated inter-changeable blade with the required tipstyle, or a switch cabinet key is inserted into the clamping mechanism.

Taking out the blade



By pulling and holding down the clamping sleeve the interchangeable screwdriver blade, or the switch cabinet key, is unlocked and can easily be taken out of the handle.
