One-gang junction box for solid wood

One-gang junction box for solid wood

- Rib fastening for installation in cross-laminated timber or laminated timber walls or in solid wood panels
- Innovative cable entries positioned on the side of the box circumference
- 4 screw domes
- Toolless opening of the cable entries using an opening tab
- Fully insulated through-wiring for combinations using support connectors
- including setting tool (Art. No. 1090-12) per packaging unit

Article no:	**9274-22**
EAN:	4013456588998
Depth	60 mm
Cut hole Ø	74 mm
Screw spacing	60 mm
Number of screw domes	4
Cable entries of up to Ø 11.5 mm	8
Support connectors for each package	7
Combination distance by simply removing the pre-embossed edge	71 mm
Packaging inner/dispatch	25/250

The new one-gang junction box for solid wood makes installation in solid wood walls much quicker, easier and more efficient thanks to lug-free rib fastening. Thanks to the innovative cable entries, which enable toolless installation, even out-of-direction drill holes for cable routing in the solid wood element can be effortlessly levelled out and guarantee clean installation in the installation opening, even in visible wood quality. The centring bars and the centre markings on the holding ring and on the first row of ribs enable precise and convenient alignment of the one-gang junction box in the installation opening without tilting.

- Clamping rib fastening for installation in solid wood walls
- Innovative cable entries enable maximum tolerance compensation for out-of-direction drill holes for the cable route
- Four screw domes for maximum flexibility for accessory fitting
- Eight toolless cable entries
- Device screws with plus-minus drive

IP 30 850 °C INNOVATION
