Technical Features:

Commercial Description:	Digital SMARTimer, multi-function with two channels programmable totally independently. It has two programming modes: 'Smart' mode via Smartphone with NFC technology or 'Classic' mode via integrated joystick. This product has large backlit LCD display for easy parameter reading and it is particularly versatile because of the possibility to create new specific functions by combining the functions set for each channel. The large display allows for easy display of target time, partial time, in-progress timing indicator, status of inputs, status of outputs.
Contact configuration:	2 CO (DPDT)
Delay setting:	0.1s...9999h
Dimensions:	35x84x56.5 mm
Functions:	2 Channel multi-function
Nominal voltage:	230 V
Operating range AC:	90...264 V
Operating range DC:	90...264 V
Rated contact voltage:	250 V AC
Rated current (contacts):	16
Certifications and quality approvals (according to type):
